

MICROSOFT ELP & OPTIMISATION REVIEW

Unlock 30-60% in Licensing Value. Stay Audit-Ready.

Microsoft on average **audit every 3-5 years** and expects you to self-manage compliance, but without clear oversight, most **organisations unknowingly overspend or carry hidden risk**.

LicenceSync's ELP & Optimisation Review gives you a clear view of:

- What you **own**
- What you **use**
- What it's really **costing you**

We eliminate waste, uncover risk, and help you make **smarter, more strategic licensing decisions** - before renewal, audit, or new investment.

What's at Stake?

Most organisations **overspend by 15-30%**

Audit **exposure** adds a further **15-30% risk**

Combined could be up to **60% of your Microsoft spend**

Key Benefits

- **Cost Control** - Reclaim unused licences and optimise spend
